

# COMPANY DOSSIER

# OUR HISTORY

Urano Seguridad is a private security company authorized by the Ministry of Interior with the number 3886, with scope of action throughout the national territory.

Established in 2006 in the Canary Islands. The company's headquarters are located in the Santa Cruz de Tenerife island.

The company was acquired by new owners (current management) in 2016, with Mr. Miguel Domínguez Padín as CEO.

## MISSION, VISION AND VALUES

We are a security company specialized in the surveillance and protection of goods and people, with a close and direct treatment with our clients and full involvement with the services we provide.

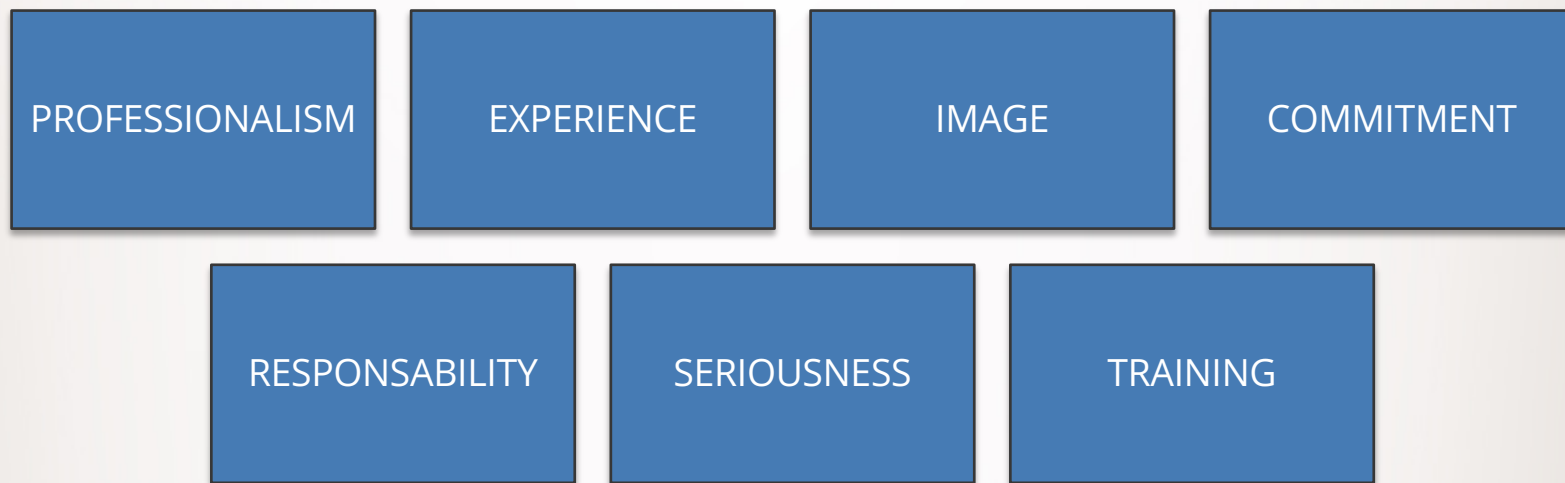

A global vision and business growth objective, valuing quality rather than quantity, is the philosophy of our company. We want to be a benchmark of quality, closeness and trust for our customers.

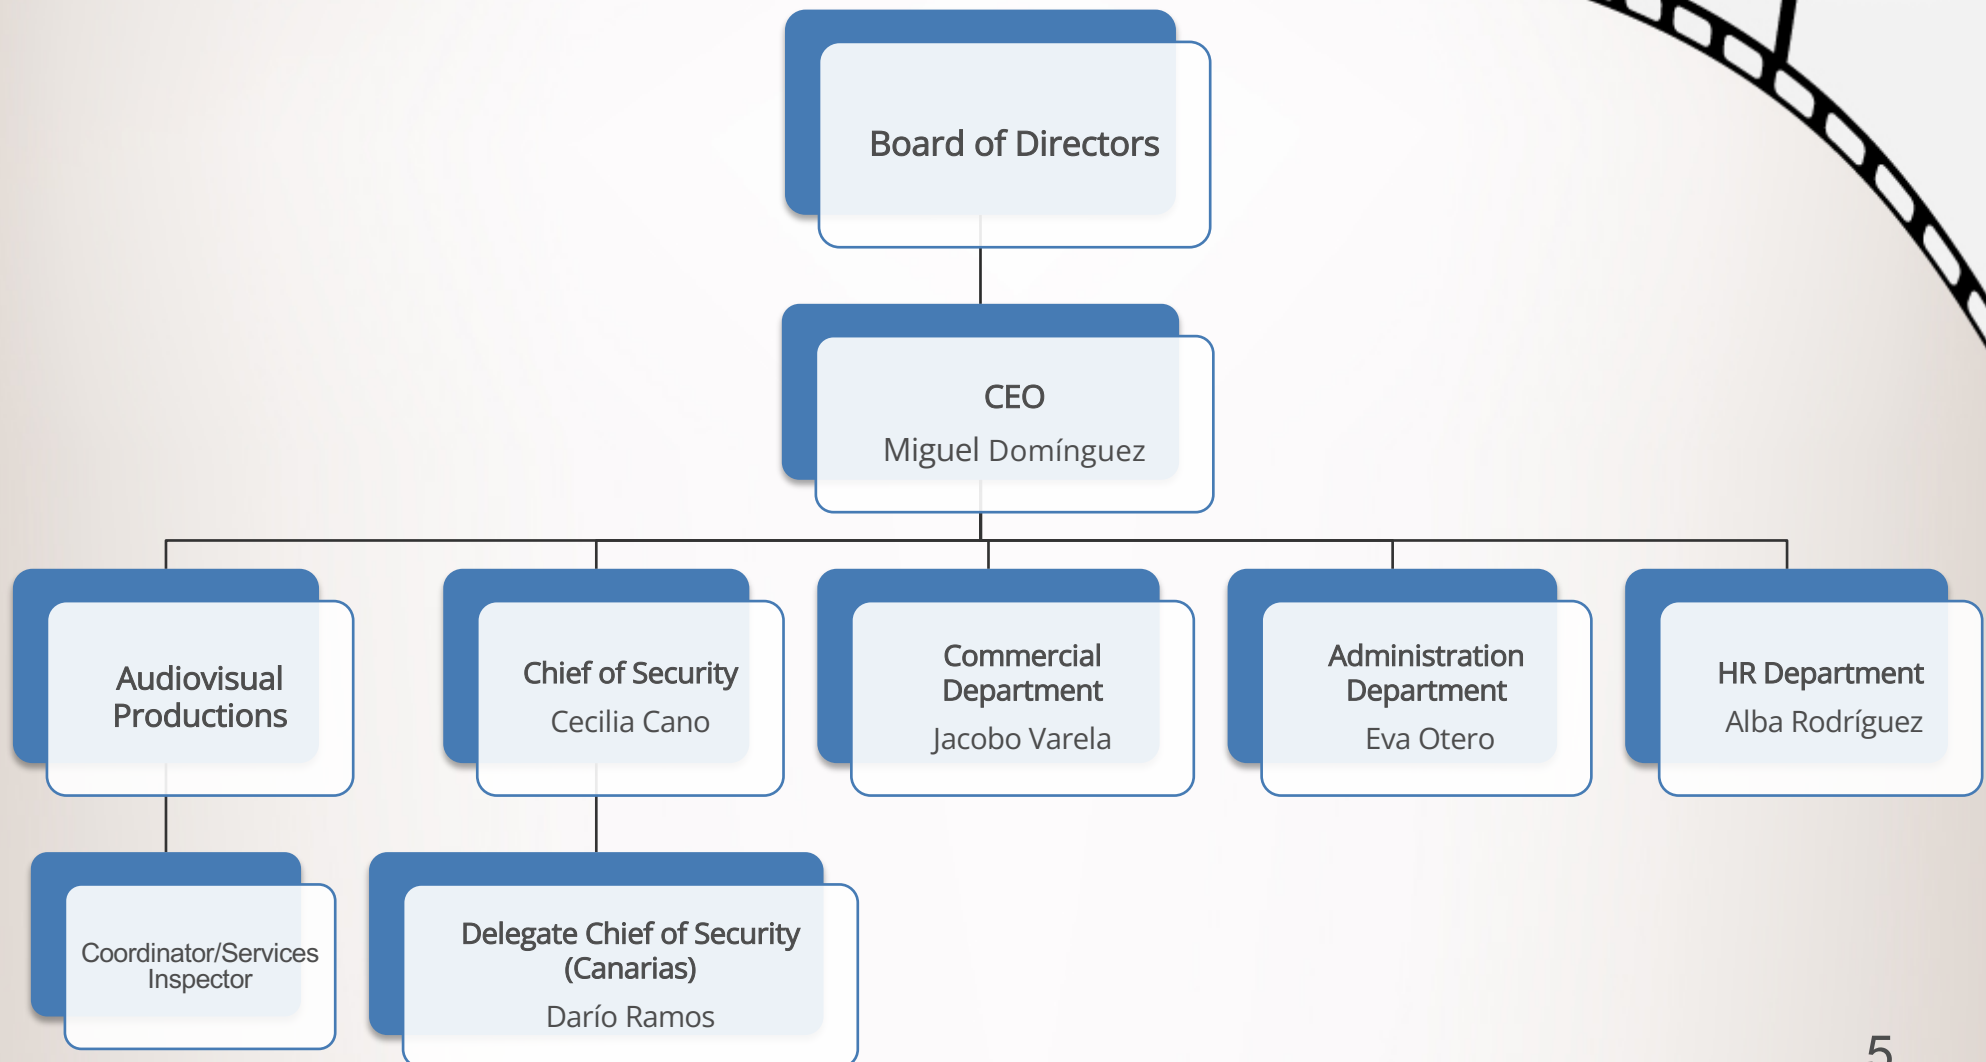

# OUR TEAM

The human team is essential for Urano Seguridad, since they are the first and the last image that customers see. That is why, when selecting staff, the following aspects are valued:

All these qualities are necessary for service excellence. A human group where teamwork and adaptability to different environments are vital. All the security guards are enabled by the interior Ministry.

# ORGANIZATION CHART

# SERVICES

Urano Seguridad offers its services of surveillance and protection of goods, establishments, places and events, public and private, as well as of the people that could be in these places.

Present in both, private and public sector services

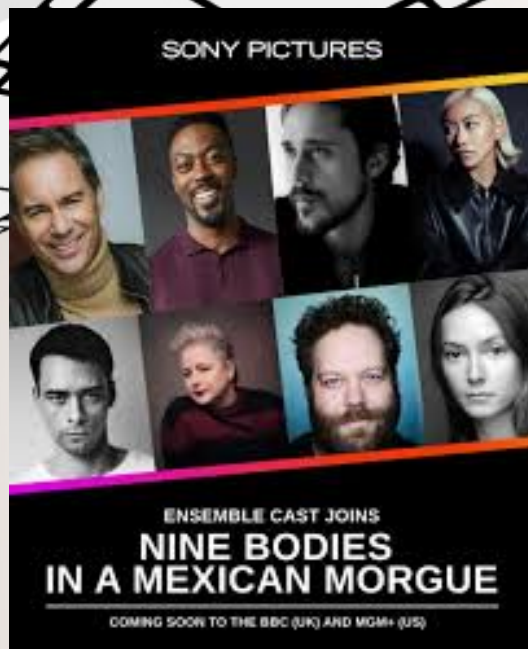

Urano Seguridad provides its services at the highest point in Spain, in the Mount Teide Cable Car, at 3.555 m high.

We are also present in the audiovisual production industry, where the work “side by side” with the producers, differentiates us.

## AUDIOVISUAL PRODUCTIONS

A film production is an important project which requires great adaptability by the people who make up the team.

Urano Seguridad, is also part of the production team, adapting itself to the needs that arise, in the most efficient possible way.

*“Hard work, involvement and total coordination with the members of the film production company”*

Therefore, for this type of services, Urano Seguridad has a division dedicated solely and exclusively to coordinate and document management.

# COORDINATION

A coordinator is assigned in person, with 24/7 availability, throughout the production, thereby ensuring the relationship is direct with the producer and the locations managers which implies that is the security company itself who resolves any issue or need at the moment, as there are no intermediaries.

There is also a direct communication channel 24/7 with the production company.

The shift change development, which is an important part of the service, will be carried out efficiently and quickly, adapting to the needs of filming and thus preventing the work of audiovisual production from being hindered, with special emphasis on the filming sets.

# SERVICES ORGANIZATION

Based on our experience, the following aspects are basic when performing our duties with maximum efficiency.

## **WRITING THE PART OF SERVICE**

- Where all incidents occurred in the service are reflected.

## **DELIMIT AND SECURE THE AREAS**

- To be monitored, using fences, cones and beacon tape

## **VEHICLES ACCESS CONTROL**

- Access control to vehicles with sensitive material, by lising or by accreditation verification.

## **SET ACCESS CONTROL**

- Access control to the set, important this point, providing the service in “silent mode”.

## **HIGH CAPACITY OF REACTION**

- High capacity to react to unforeseen events and modifications.

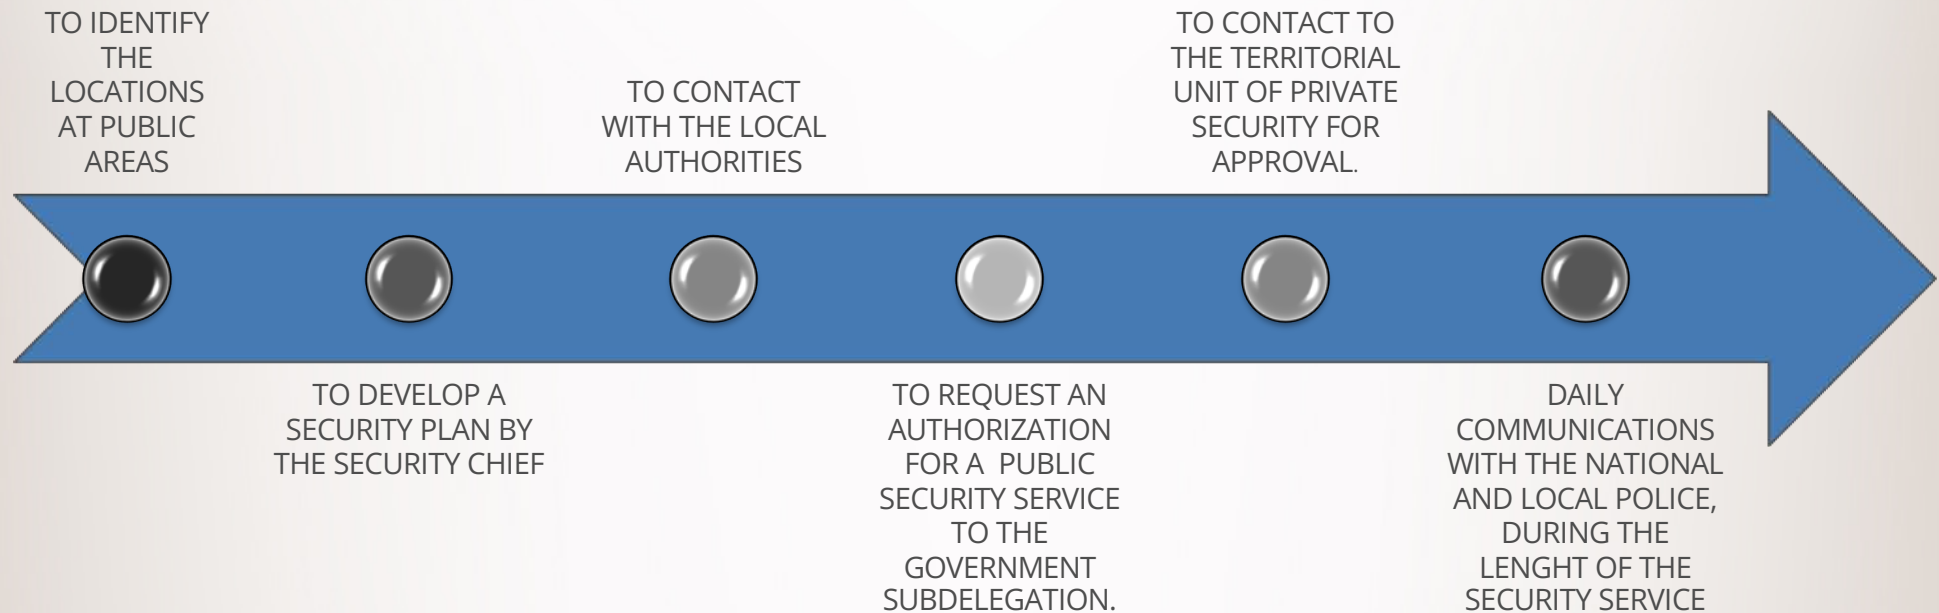

## **KEY CUSTODY**

The access to vans, trucks, to warehouses, mobile homes...etc has to be immediate.

# SECURITY SERVICES PLANS

Based on our experience and on the productions needs, when the locations are in a public areas, such as beaches, natural or national parks, public roads... etc, URANO SEGURIDAD develop a security service plan which consists on:

A decorative graphic of a film strip with sprocket holes, curving across the top right of the slide.

# DOCUMENT MANAGEMENT

Proof of registration of the Social Security of each worker or work team is provided in case they are requested, copies of the employment contracts, certificates of the occupational risks prevention.

Before the 12th of each month, a copy of each salary receipt (payroll) and its corresponding proof of payment will also be delivered. (if requested).

Certificates of being up to date with social security and the Tax Agency will be attached on a monthly basis
